**Department of Health Confirms the
One Hundredth and One Hundred-First Deaths Related to COVID-19**

US Virgin Islands — After further investigating cause of death and ensuring notification of next of kin, the Virgin Islands Department of Health is saddened to confirm the territory's one hundredth and one hundred-first deaths related to COVID-19. The deceased are a 68-year-old male on St. Croix and a 74-year-old male on St. Thomas.

The Department continues to work to slow the spread of COVID-19. Please continue to follow these precautionary measures: practice social distancing, wear a mask when in company of others outside of those in your household, clean frequently used areas thoroughly, and wash your hands often with soap and warm water.

Getting the COVID-19 vaccine can prevent severe illness and death. To schedule an appointment for a vaccine, please call (340) 777-8227 or visit covid19usvi.com/vaccines. Walk-ins are also accepted at our Community Vaccination Centers.

St. Croix's Community Vaccination Center is located at the Nissan Center on St. Croix which is in La Grande Princesse, adjacent to the Honda Dealership and The Paint Shop, on the same side of the street as Food Town.

Press Release

Department of Health Confirms the One Hundredth and One Hundred-First Deaths Related to COVID-19

January 31, 2021

Page 2

On St. Thomas the Community Vaccination Center is located at the Community Health Clinic on the 2nd floor at the Schneider Regional Medical Center.

To report a suspected case of COVID-19, please call (340) 712-6299 or (340) 776-1519. If you have a medical emergency, call 911. For more information, visit covid19usvi.com. For COVID-19 updates, text COVID19USVI to 888777.
